**NEW BUSINESS**

Mr. Dillon spoke to the Board about the proposed kitchen expansion. If the culinary arts program is going to continue, we must look at enlarging the space for the students to work. There are grants from the state for equipment and they will pursue this. Mr. Dillon advises that the expansion could be done for under \$50,000. Discussion was held and this will be brought back to the Board.

Mr. Dillon received his evaluation from the Board. Discussion was held. Mr. Dillon asked if there were any areas in which they would like to see improvement. The Board feels very positive about the progress the District has made and is confident that the District is moving in the right direction.

Jeb Bechtel moved to approve the Administrators Evaluation with the marks amended as discussed. Sonny Sarceda seconded and the motion carried.

**EXECUTIVE SESSION**
