

Negotiation Meeting Minutes
Wilder Education Association and Wilder School District
June 9, 2014
Wilder School District Boardroom

Present for the District: Jeff Dillon, Superintendent
Amy White, Attorney
Susan Lincoln, District Clerk

Present for the Association: Sarah Hoover
Valerie Murray

No members of the public were in attendance at the open meeting.

1:30 p.m. Commencement of the negotiations discussion.

Amy White handed out two copies of the Master Agreement. One copy had the changes made in red and the other copy was a clean copy of the document. Clerk Susan Lincoln indicated that she would forward the minutes to the parties for their approval.

Superintendent Dillon gave Ms. Hoover a copy of questions that they would like to have completed by staff. It was determined that these would be sent to staff during the first week of the 2014-15 school year.

Discussion was held about health insurance. It is too late to make a change this year, but the District would like to look at other options in the coming year.

The respective parties agreed that a Tentative Agreement had been reached which was ready for possible ratification. Ms. White will prepare the final modifications to the Agreement.

The Board will be provided with written notice of the Association ratification. The Association was advised that an email notice to the District's Superintendent would suffice.

Negotiations session concluded at 1:50 p.m.

Respectfully Submitted,
Susan Lincoln
District Clerk
